DRAFT Minutes October 21, 2009

Attendees: Michael Murray, Bill Francis, Bruce Skivington, Jim Ferguson, and Carl Slusarczyk.
Also present: Abraham Ford, Jr., Zoning Enforcement Officer and Jennifer Roy, Zoning Asst.

The meeting was called to order at 6:30 p.m., and the opening statement was read.

Jim Ferguson, Secretary, read the agenda.

Item 1 application has been withdrawn: NERP HOLDING & ACQUISITIONS, 43 & 45 SOUTH FRONTAGE ROAD. Letter read into record from Mark C. D'Adabo, member, NERP Holding & Acquisitions.

2. LAWRENCE E. MEEHAN, 84 CAMPBELL AVENUE, seeking a variance from section 4.4.1.4, minimum side yard requirement to allow the construction of a one car garage on the existing parking area of the house in the R-27 Residential Zoning District.

Abraham Ford explained the application; the abutters have all been notified with no response.

Lawrence Meehan present to speak on his application. He would like to construct a one car garage, this side of the home is where the existing driveway is, and the land drops drastically in rear yard, not allowing him to construct the garage further back.

No one present to speak in favor or opposition. The hearing was closed and a brief discussion was held.

Carl Slusarczyk made a motion to grant the variance, due to topography and lot layout. Bill Francis seconded the motion, and the variance was granted by unanimous vote.

3. KENNETH J. & JANE D. PEACOCK, 94 WILDWOOD ROAD, seeking a variance from 4.5.1.3, minimum front yard requirement, to allow cover over a porch to include a 12'x14' cover over the driveway (carport) in the R-40 Residential Zoning District.

Abraham Ford explained the application. The Peacock's had received a variance last year to build the addition to their home, at that time the plans did not have the carport on them. The building plans submitted with the permit then had a carport on them, discovered when the Building Official was on site doing an inspection. The carport does not have the required 30 foot setback requirement.

Jane Peacock to speak on the application. She provided a copy of the updated site plan referring to the carport. She also provided photos of the home showing the carport. (Photos marked exhibit 1).

Jim Ferguson read into record a letter received from the Peacock's neighbor, Marijean Achilli, in favor of the variance. (Letter marked exhibit 2). Ms. Achilli feels the renovations being made only increase the value and appearance of the neighborhood.

No one present to speak in favor of opposition. The hearing was closed and discussion was held.

Jim Ferguson made a motion to grant the variance for the carport due to the topography, extremely steep lot, and to allow safe entry to the home. Bruce Skivington seconded the motion, and the variance was granted by unanimous vote.

New business, Watson Bellows from the Town of Vernon Planning and Zoning Commission to make presentation of a survey for the P&Z Commission.

Mike Murray made a motion to amend the agenda to include Mr. Watson's presentation. Bill Francis seconded the motion. Motion was carried by unanimous vote.

Mr. Watson passed out a survey, asked that any board member who wished to complete it and mail it into an independent firm it will be used to compile information for the Plan of Conservation which must update every 10 years.
